

# HEY THERE.....

For proper ePiano setup, check out these MIDI setup reminders: (in MIDI, signals coming OUT—go to plugs/ports labeled IN)

The MIDI IN port on the ePiano is not used during normal operation

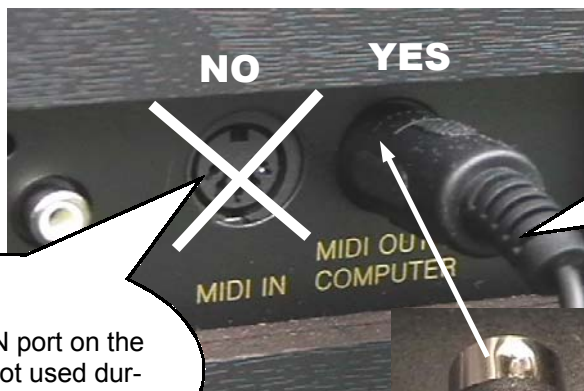

1. Connect the plug end labeled MIDI IN
2. Goes to the jack on the back of the ePiano labeled "MIDI OUT TO COMPUTER"

**For more setup tips, checkout the support section of [www.epiano.com](http://www.epiano.com)**
